Purdue MEP proudly supports the national program:

MADE IN INDIANA

This Made in Indiana page showcases our vast array of products and the companies that are manufacturing them.

Our objective is to highlight the contributions manufacturing makes to the state's economy and to feature companies that are customer focused, forward thinking, continuously improving their productivity, and desire to grow and compete both locally and globally.

Featured manufacturer of the Week

Featured Indiana Manufacturer:

American Electronic Components, Inc.

About Company

American Electronic Components Inc. (AEC) www.aecensors.com, founded in 1935 as Durakool. Today we are a global leader providing design, manufacturing and supply solutions comprising components and systems to the electrical and electronic marketplace world-wide. Specialists in switching, sensing and hermetic seal solutions, the company has a wide portfolio of technologies and over 80 years applications experience.

At AEC our Team has a "CAN DO" attitude and we are ready to tackle your most challenging applications. If you require further information, we would be very happy to hear from you.
